

A photograph showing a close-up of two people's hands reviewing architectural blueprints on a table. One hand is pointing at a specific section of the drawing, while the other holds a pen. A laptop is visible in the background, and the scene is lit with warm, golden light. A semi-transparent green overlay covers the left side of the image, containing the text.

Fairgrounds Middle School

Construction Update

November 28, 2020

Just a few pictures of the Middle School Project

Fairgrounds progress is well underway with 65% done by January 2021. In April 2021 the gymnasium will undergo an extensive and complete renovation. In the Spring we will be finishing up of outside work to include irrigation, final paving of the bus loop and small parking lot and final landscaping.

Pennichuck has some of the initial construction preparations completed and the main work will be started in the Spring.

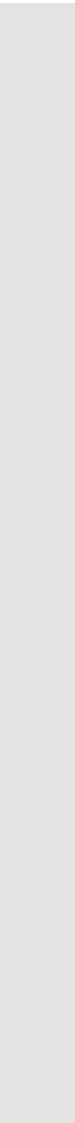

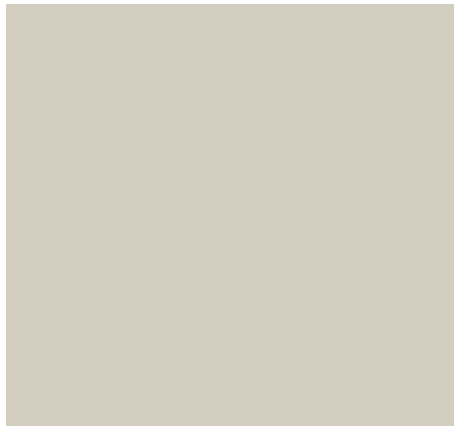

Construction of the new Middle School will commence in late Spring as well.

Parking Lot nearing completion at Fairgrounds

Lights will be installed soon

Stone will be added in the Spring

Foundations being poured for the new Admin / Entrance area

New common areas and new classrooms

One of these in each wing for each grade.

These will be collaborative working areas for team teaching

These areas will have Large White Boards, possibly Smart Boards, and Large screen TVs for teaching

Major work in some sections of the school

Larger work areas being developed

New Emergency Fire and Police Access Road to meet requirements. Temporary Portables ready to go

Wall in bad shape. To be replaced in the Spring

Final paving in the Bus loop and small parking lot in the Spring.

Old Octagon (At Fairgrounds)

- Formally a Library
 - Split into various rooms in previous renovation
- Now being renovated to better function as a Middle School

See foundation cuts to allow new utilities to be run to the new areas.

Pennichuck Middle School

Completed to date:

- Water main and utilities re-run to allow for construction of new classroom additions.
- Dry fire suppression system repaired due to numerous failures
- New Security updates to school main entrance completed
- Air ducts cleaned to improve air quality (not done in many years)
- We have final Planning Board approval for Pennichuck

A group of people are seated around a table in a meeting room, engaged in a discussion. The scene is partially obscured by a semi-transparent olive green overlay that contains the text. The background shows a modern building with large windows and a view of a residential area with houses and trees.

Thank you
