Remarks by Chairman

Alderman Bolton

Basically we're at the conclusion of the project. Have asked Mr. Driscoll and Mr. Timmons if they have anything to report, and neither of them do. However, they are here for any questions.

Mrs. Mangipudi

Asked how they enjoyed working on the project.

Mr. Driscoll

Came in at the second half of work on the second school. Am proud of the project and learned a lot.

Mr. Timmons

Involved with the project through the beginning of construction documents at the North School. Then went to the schematic design at the South School. It's been a long, enjoyable process. The longest project that I've worked since being with Lavalley/Brensinger. The best time is now, when we see the fruits of our labor.
