

SUSPENSION OF BUS ROUTES

In cases where there is mass disruption on a bus route which creates an unsafe situation, or cases of significant vandalism, to the Director of Transportation in consultation with the Superintendent of Schools, will refer the matter to the Transportation Committee which may temporarily suspend a bus route when other measures to bring about corrective action have not been successful. It is recognized that the suspension of a bus route is a serious step and may be taken only after other measures have been proven unsuccessful and/or deemed inappropriate.

A bus route may be temporarily suspended for a period not to exceed five school days at any one time. Longer suspensions require full board action. Five days notification will be given to parent or guardian.
