- A. An alleged violation of a term or provision of the existing contract.
 - B. A grievance otherwise arising out of the employer-employee relationship involving wages, hours or other terms or conditions of employment.
- All such grievances will be handled as provided in this Article.
- 3:2 No grievance shall be considered under the grievance procedure unless it is presented as provided below. A grievance must be referred to the next step as provided below or the grievance will be considered settled on the basis of the last answer given. If a grievance is once settled in any of the following steps, it shall be considered closed and shall not thereafter be subject to the grievance procedure or to arbitration.
- 3:3 All grievances over which a principal has no jurisdiction shall be submitted directly to the Superintendent within thirty (30) school days after the aggrieved party knows, or should have known, of the act or condition on which the grievance is based. Submission at any level within that thirty (30) school day period shall establish the timeliness of the grievance.
- 3:4 **Step 1.**
- Any teacher who has a grievance shall, with or without the Union Representative, discuss it first with the Principal in an attempt to resolve the matter at that level. All Step 1 grievances shall, in writing, cite the provisions(s) of the Agreement which is alleged to have been violated, the date the Step 1 grievance is filed, and the names(s) of the grievant(s).
- 3:5 **Step 2.**
- If the grievance is not settled within ten (10) school days after presentation at Step 1, the aggrieved party shall, within ten (10) school days thereafter set forth the grievance in writing to the Principal specifying:
- (a) The specific nature of the grievance and date it occurred.

 - (d) The results of previous discussions.
 - (e) The basis for dissatisfaction with the decisions previously rendered.
 - (f) The remedy which is desired.
- The grievance shall be signed by the aggrieved teacher and Union Representative before being presented to the Principal in Step 2.
- 3:6 If the grievance is not received in writing by the Principal in Step 2 within thirty (30) school days after the aggrieved party knows, or should have known, of the act or condition on which the grievance is based, the grievance will be considered as waived. An alleged waiver will be subject to arbitration pursuant to the provisions of this Article.
- The Principal shall act upon the grievance within five (5) school days after receipt at Step 2 and shall communicate a decision in writing to the UNION.
- 3:7 **Step 3.**
- If the issue is not resolved after Step 2, the grievance shall, within five (5) school days after receipt of the Principal's decision be submitted to the Superintendent of Schools. The Superintendent shall act upon the grievance within a period not to exceed ten (10) school days and shall communicate a decision in writing.

3:8 **Step 4.**

The UNION, no later than ten (10) school days after receipt of the Superintendent's decision, may appeal the Superintendent's decision to the School BOARD. The appeal to the BOARD must be made in writing reciting the matter submitted to the Superintendent and the basis for dissatisfaction with the decision rendered by the Superintendent. The BOARD shall act upon the Appeal within a period not to exceed fifteen (15) school days. The BOARD shall communicate its decision in writing to the UNION.

- 3:9 Failure at any step of this procedure by the Administration to communicate a decision on a grievance within the specified time limits shall permit an appeal of the grievance to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.
- 3:10 It is understood that teachers shall, during and notwithstanding, the pendency of any grievance, continue to observe all assignments and applicable rules and regulations of the BOARD until such grievance and any effect thereof shall have been fully determined.

Rights of Teachers to Representation

Arbitration

- 3:13 If a grievance involving the interpretation or application of a specific provision of this Agreement has not been settled after being fully processed through the grievance procedure above, then the UNION may submit such grievance to arbitration by giving written notice thereof to the BOARD no later than two (2) weeks after the completion of Step 4. The grievance shall be considered as having been settled in Step 4 unless it is so submitted to arbitration within such time limit.
- 3:14 The choice of the Arbitrator shall be by agreement of the parties. However, if such agreement has not been reached within one (1) week after the receipt of such written notice submitting the grievance to arbitration, the grievance may be referred by the UNION to the American Arbitration Association for the selection of an arbitrator in accordance with the rules then obtaining, of said Association applicable to labor arbitrations. Any arbitration hereunder shall be conducted in accordance with such rules, subject to the provisions of this Agreement.
- 3:15 Each grievance shall be separately processed in any arbitration proceeding under this Article.
- 3:16 There shall be no right to arbitration to obtain, and no arbitrator shall have any power to award or determine, any change in, modification or alteration of, addition to, or subtraction from, any of the terms of this Agreement.
- 3:17 The Arbitrator selected will confer with representatives of the BOARD and the UNION. The arbitrator will set forth findings in writing, and submit them to the BOARD and the UNION.
- 3:18 The operation of this grievance and arbitration agreement shall be subject to the provisions of Chapter 542 of the New Hampshire Revised Statutes Annotated.
- 3:19 If Chapter 542 should be held by the Supreme Court of New Hampshire to be inapplicable to employees in this bargaining unit, this article of the contract shall be renegotiated.

School Board Grievances

- 3:20 The School Board and its representatives (including the Superintendent, but excluding any other administrator) shall be entitled to file grievances against the UNION and its representatives involving the interpretation or application of a specific provision of this Agreement. Said grievance shall be submitted in writing to the UNION.
- 3:21 If said grievances cannot be resolved between the BOARD and the UNION, the BOARD shall be entitled to submit them to arbitration. It shall give the UNION written notice thereof not later than two (2) weeks following the date when it has been determined that the grievance cannot be settled or resolved. If said notice is not given within the required time, the grievance will be considered as waived.

3:22 If the grievance is not received by the UNION within thirty (30) days after the BOARD knows, or should have known, of the act or condition on which the grievance is based, the grievance will be considered as waived. An alleged waiver will be subject to arbitration pursuant to the provisions of this Article.

3:23 Released Time

Any teacher who has filed a grievance in accordance with the provisions of this contract will be granted released time as needed without loss of pay or loss of personal days for attendance at required grievance and/or arbitration hearings. The same privilege shall be granted to one UNION representative who attends said hearing with the teacher.

ARTICLE IV

Salary and Rates of Pay

4:1 Basic Salary Schedule

The salaries and differentials of the members of the Unit defined in Article I are set forth in Appendix A which is attached to and made part of this Agreement. The agreed upon salary schedules shall be implemented, including payment of all incremental increases, as follows:

- Effective September 1, 2025, employees will be placed on the 2025-2026 Salary Schedule according to their credited years of experience (see Appendix A-1).
- On September 1, 2026, the 2026-2027 Salary Schedule will be implemented. All eligible employees will advance one step (see Appendix A-2).
- On September 1, 2027, the 2027-2028 Salary Schedule will be implemented. All eligible employees will advance one step on the schedule that reflects their credited years of experience (see Appendix A-3).
- On September 1, 2028, the 2028-2029 Salary Schedule will be implemented. All eligible employees will advance one step on the schedule that reflects their credited years of experience (see Appendix A-4).

No employee hired after the ratification of this agreement shall be placed on the salary scale above any employee with equivalent experience who was hired after September 1, 2013.

4:2 Placement on the Salary Schedule

A. Subject to the Superintendent's salary and hiring recommendation and BOARD approval:

Teachers, other than school nurses and school psychologists, shall be granted full credit for all prior teaching experience after the receipt of their Bachelor's Degree or receipt of their Statement of Eligibility.

Beginning with the 2025-2026 school year, teachers upon hire to the Nashua School District may also be credited additional years of experience for placement on the salary schedule if they have applicable career experience in an allied field. Career experience in an allied field is the number of years in a profession that requires specific expertise, qualifications, training and/or formal certifications. The expertise, qualifications, training, or certifications must relate to the teaching profession, job requirements, or to the designated area of the position being filled by the teacher.

Teachers being credited with allied field experience shall receive one credited year of experience on the salary schedule for every two years of career experience in an allied field. Career experience in an allied field shall be determined by the Superintendent or their designee.

For purposes of placing new hires on the salary schedule, the District will grant incoming school nurses full credit for all years of satisfactorily demonstrated prior registered nursing experience

Further, effective September 1, 2025, the District will grant school nurses, who are currently employed by the District, additional credit on the salary schedule for all years satisfactorily demonstrated prior registered nursing experience. In order to be eligible for this benefit, school nurses who are currently employed by the District must submit a written request, including an explanation and, if necessary, written proof of their relevant prior nursing experience to the District's Human Resources Director within 30 days of this agreement being signed into effect. The District's Human Resources Director will issue a decision on each request within 30 days of receiving a request, and such decision may be grieved in the ordinary course. Failure to submit a

written request for this benefit within 30 days of this agreement being signed into effect will be deemed a full and final waiver of the benefit.

School psychologists shall be granted full credit for all prior teaching and/or psychologist experience provided that such experience is current and in the same or an allied field.

This clause shall not be applied retroactively in that present service, as determined, shall be deemed as final.

- B. Service as a teacher of at least ninety (90) school days within a previous school year is required for the period to count toward a step on the salary schedule.
- C. Teachers shall be notified during the first full week of school of their Step on the Salary Schedule and their salary for the current school year.

4:3 Step Advancement

For purposes of salary payment, members of the defined Unit who have ninety days service under 4:2B will advance a Step on the salary schedule as provided by the terms of this Agreement on the date as determined in Section 4.1 for each year of this Agreement upon the recommendation of the Superintendent of Schools.

4:4 Increments for Advanced Credit

- A. Requests by individual teachers, excluding school nurses, for advanced credit placement shall be granted by the Superintendent upon submission of satisfactory evidence of the completion of all requirements for such credit. Teachers must make requests in writing accompanied by a transcript by September 1 of each school year in order to obtain advanced credit placement commencing with the first workday of that work year and by February 1 of each school year in order to obtain advanced credit placement commencing with the 92nd workday of the current 184-day work year. If an official transcript is unavailable for presentation to the Superintendent by September 1, or in the case of credits to be paid after February 1, by February 1—documentation from the college indicating a request was made for a transcript will be considered as evidence of completion until a transcript is received, however, if the transcript is not received within 60 days after advanced credit placement is granted, all increased payments shall stop and the right to increased pay for the credits granted shall be deferred until the next adjustment date after the transcript is received. The BOARD shall have the right to take all steps allowed by law, including recoupment or set-off of previously paid amounts, to recover overpayments made. Credit shall be given only for courses at an accredited college or university which are allied to the teacher's profession or which are required in connection with an advanced degree program allied to the teacher's profession.
- B. Requests by individual nurses for advanced credit placement shall be granted by the Superintendent upon submission of satisfactory evidence of the completion of all requirements for such credit. Nurses must make requests in writing accompanied by a transcript by September 1 of each school year in order to obtain advanced credit placement commencing with the first workday of that work year and by February 1 of each school year in order to obtain advanced credit placement commencing with the 92nd workday of the current 184-day work year. If an official transcript is unavailable for presentation to the Superintendent by September 1, or in the case of credits to be paid after February 1, by February 1 documentation from the college indicating a request was made for a transcript will be considered as evidence of completion until a transcript is received, however, if the transcript is not received within 60 days after advanced credit placement is granted, all increased payments shall stop and the right to increased pay for the credits granted shall be deferred until the next adjustment date after the transcript is received. The BOARD shall have the right to take all steps allowed by law, including recoupment or set-off of previously paid amounts, to recover overpayments made. For purposes of this horizontal movement for nurses, only advanced credit/degrees obtained in the fields of nursing (or a similar field of medical study) will be considered.

4:5 Method and Time of Salary Payment

Regular teachers shall have the following options for receiving their paychecks:

- Option A: Twenty-six (26) equal biweekly installments, starting no later than the second week of the school year, with a final lump sum payment in June of all installments remaining unpaid at the close of the school year.
- Option B: Twenty-two (22) equal biweekly installments, starting no later than the second week of the school year.

Each teacher shall be required to choose one of the above options for each succeeding year on June 15, or on the date of hire. The choice made shall be irrevocable for the year of choice. Payroll deduction arrangements to cover summer leave obligations shall be standardized by the District for each group of optionees.

The BOARD shall have the right to fix the day of the week paychecks shall be distributed to coincide with the requirements of the city's payroll processing system. Paychecks shall be distributed to personnel in individual envelopes. The District may institute delivery of direct deposit slips by electronic means, subject to requirements of state law.

If a teacher leaves or dies during the school year, the teacher or the teacher's estate shall be entitled to a prorated share of the teacher's contract salary based on the period of service in days in relation to the number of days schools are in session during the school year, minus the compensation already paid.

4:6 Method and Time of Payment for Advisors

- A. Members of the Bargaining Unit who are advisors/coaches for co-curricular and extra-curricular activities which are for less than a full year shall be paid for that activity within at least two teacher-pay periods after the activity has been satisfactorily completed.
- B. Members of the Bargaining Unit who are advisors/coaches for co-curricular and extra-curricular activities which are for a full year shall be paid one half their annual compensation for that activity on the first payroll following the conclusion of each semester.

Members of the Bargaining Unit who are advisors/coaches for extra-curricular activities may, upon written request, have the option of receiving their pay for each activity in equal installments over twelve (12) teacher payroll periods commencing with the first teacher payroll period of each new school year next following the commencement of each activity, provided that if the twelve (12) teacher payroll periods would end beyond June 30 of each school year, then this option shall not be available. The written request must be received by the Human Resources Office at least two weeks prior to the commencement of each activity for this option to be exercised.

4:7 Supplemental Injury Benefits

- A. A member of the Bargaining Unit absent from work as a result of an injury occurring during employment, and who receives weekly worker's compensation benefits shall be paid by the BOARD the difference between the teacher's normal weekly salary (including all benefits) and the amount the teacher receives as weekly worker's compensation benefits.
- B. It is intended that no teacher shall receive for each week of absence more than the amount of the teacher's regular weekly salary. Any excess amounts received shall be forthwith returned to the School Board.
- C. Absences under this provision shall be charged to the teacher's current and accumulated sick leave on the basis of the amount of time that is needed to obtain one's daily pay for each day of absence.
- D. This supplemental benefit shall cease upon the exhaustion of the teacher's sick leave entitlements as described above.
- E. The provisions of this section shall not prevent a teacher from electing to waive the supplemental benefit from the District in which instance no sick leave days shall be deducted from the teacher's accumulated sick leave. A teacher electing to waive this supplemental benefit must notify the head of human resources or their designee within five (5) business days of the date of their injury.

4:8 Longevity Payments

Longevity payments shall be made annually in January of each school year for teachers and nurses in the service of the District as of the first day of that school year, and employed by the District prior to September 1, 2014. Longevity payments shall be computed as of the first day of the school year preceding the payment date according to the following schedule:

- o At the beginning of fifteen (15) but less than twenty (20) years of service with the District as of September 1, \$281
- o At the beginning of twenty (20) but less than twenty-five (25) years of service with the District as of September 1, \$1,294
- o At the beginning of twenty-five (25) or more years of service with the District as of September 1, \$1,688

In the event a teacher leaves the employ of the District after the first day of the school year but before the January payment date, the prorated longevity payment due for that school year will be paid with the final salary payment.

4:9 Severance Pay

- A. Upon the retirement or death of a bargaining unit member in the employ of the District who has at least ten years seniority in the District, the BOARD shall pay to that employee, or the employee's estate in the case of death 1/184 of the step (of the column) on which the teacher is paid for each day of the employee's accumulated sick leave then remaining to a maximum of 100 days. Effective with employees retiring after July 1, 2015, severance payments will be further limited to no more than forty-percent (40%) of the employee's latest annual base salary.

Effective for the 2021-2022 school year, the following additional provisions will take effect:

In the event a request for sabbatical leave is denied, the Superintendent shall, within fifteen (15) days of the denial of the request, give a written explanation of the reasons for the denial to the teachers involved.
- B. A teacher may be granted sabbatical leave to pursue enrollment in courses as specified under 5:8D subject to the remaining provisions of Section A.9 above. This benefit is limited to a total of two (2) teachers per contract year, in addition to the allotment of sabbatical leaves provided under Article 6:11A of the sabbatical leave provision, and shall be provided to current employees only. In the event the number of leaves taken under Article 6:11A above is less than the number of sabbatical leaves for which the unit is eligible, the number of sabbatical leaves for which the unit is eligible under this Article 6:11B shall be increased by the number of leaves under Article 6:11A for which the unit is eligible less the number of sabbatical leaves taken under Section 6:11A.

6:12 Court Appearances

A teacher who is subpoenaed as a witness in a civil or criminal case related to their employment in the District, or who is called for service on a jury, will be granted the difference between the fee received for such service, excluding court reimbursement for mileage, meals and lodging, and the amount of earnings lost by reason of such service. Satisfactory evidence of the fee received exclusive of mileage, meals and lodging reimbursement, must be submitted to the Payroll Office for the differential to be granted. Any teacher asked by the District to testify in any judicial proceeding shall be granted released time without loss of pay or benefits.

In the event that changes in such schedules are proposed after August 1, teachers affected will be notified promptly. Where possible materials shall also be made available at the school building upon request by the teacher.

The Superintendent's appointments may include administrators, teachers, a parent/community member(s), a para-educator(s), and/or a member of the Nashua Board of Education.

7:5 Evaluation of Teachers

- A. All observations by a supervisor of the work performance of a teacher in a classroom shall be made openly.
- B. When a supervisor enters a classroom of a teacher engaged in teaching it will be assumed the teacher is being observed for purposes which may include evaluation.
- C. When a supervisor makes and signs a written evaluation of a teacher it will be shown to the teacher, who will acknowledge receipt thereof in writing; this shall not necessarily be interpreted to indicate the teacher's assent; if the teacher disagrees with all or any part of the evaluation the teacher may file written comments in the teacher's personnel file. There shall be no obligation to respond to the teacher's comments and a non-response shall not be interpreted to indicate agreement with the teacher's comments.
- D. All evaluations will be in accordance with the evaluation forms and procedures adopted in the Professional Development Master Plan prior to the start of a school year.

7:6 Teacher Personnel Files

- A. Each teacher shall be entitled to knowledge of and access to supervisory records and reports of competence, personal character and efficiency maintained in the teacher's personnel file with reference to evaluation of the teacher's performance in such school district.
- B. The BOARD shall provide to each teacher copies of the records and reports described above.
- C. In the event that the BOARD removes from the teacher's file materials which it deems to be confidential, a dated notation will be placed in the file stating which materials have been removed.
- D. Upon 48-hours' notice each teacher shall have the right to review and reproduce material in the teacher's personal file.
- E. The teacher shall have the right to answer any material filed, and the teacher's answer shall be reviewed by the Superintendent and the answer shall be attached to the file copy.
- F. Reproductions of such material may be made by hand, or copying machine if available.
- G. Any item contained in a teacher's file to which a teacher has not been given access shall not be utilized in any legal proceeding against the teacher.
- H. A teacher shall be given upon request a receipt for all transcripts, medical forms and all other material submitted to the District.

7:7 Seniority

- A. The term seniority for the purposes of layoff and transfer shall mean accrued time in service as defined in article 2:8 in a designated area as set forth in Appendix G which occupies the greatest proportion of the teacher's regular work schedule.
- B. The term seniority for the purposes of longevity and recall shall mean accrued time in service as defined in Article 2:8 in the District.
- C. All accruals of time in service shall be based on the following:
 - 1. In the event of authorized unpaid leave or suspension the teacher shall retain such seniority as was accrued on the date of the authorized unpaid leave or suspension but shall commence further accrual only upon return and shall not accrue seniority during such leave or suspension period.
 - 2. In the event of layoff, the teacher shall retain such seniority as was accrued on the date of layoff but shall commence further accrual only upon return and shall not accrue seniority

during such layoff. If the teacher exhausts his/her recall rights, the teacher shall lose all accrued seniority. Unit members who transfer out of the unit into another District position shall lose all accrued seniority after two years in such position.

3. In all cases of permanent termination of employment with the District, the teacher shall lose all accrued seniority.
- D. For the purpose of accruing seniority, the percentage of the teacher's regular work schedule in relation to the work year of a full-time teacher will determine the yearly credit or proportion thereof.

In the case of Title I and part-time teachers, the ratio of the teacher's total annual duty time to the total annual duty time of a full-time teacher will determine the yearly credit or proportion thereof.
- E. Continuing Substitutes do not accrue seniority except that a Continuing Substitute who teaches one or more semesters in a designated area and who is then appointed with no break in service following a continuing substitute assignment to a full-time position in the same designated area shall retain all time in service as a continuing substitute for purposes of determining seniority.
- F. Should two or more teachers be equal in terms of seniority as defined for layoff, seniority as defined for recall shall prevail in determining seniority. In the event two or more teachers are equal in terms of both definitions of seniority, the date of BOARD action on the hiring of the teachers shall prevail in determining seniority. If all of the aforementioned are equal, seniority shall be determined by District discretion.

7:8 Reduction in Staff

The provisions of this Article 7:8 shall apply only on occasions when the total number of permanent positions in a designated area is reduced. On those occasions when there is such a reduction in the total number of permanent positions, the following procedures will be used:

- A. Staff reductions will first be accomplished through attrition of staff.
- B. Teachers who are not on a continuing contract with the District will be terminated prior to teachers who are on a continuing contract with the District. The District reserves the sole discretion to choose the order in which teachers who are not on a continuing contract with the District will be terminated.
- C. Should staff reductions extend to teachers who are on a continuing contract with the District, all teachers who are currently teaching in the designated area being reduced, excluding Part-time, Title I and Continuing Substitute teachers, and seniority of teachers shall be considered in reaching a decision.

The teacher with the least seniority shall be laid off first unless a more senior teacher's level of performance, in ascending order of seniority, is significantly inferior to the junior teacher. The first more senior teacher whose level of performance is determined to be significantly inferior to that of the least senior teacher shall be the teacher laid off. If more than one teacher is to be laid off in a designated area, the District shall first compare in ascending order of seniority, the least senior teacher with the more senior teachers. Once a determination is made with respect to that teacher, the next most junior teacher shall be compared to the remaining more senior teachers in ascending order of seniority. This process shall continue until all teachers who are to be laid off are determined.

In instances where a more senior teacher is significantly less qualified solely because of the teacher's experience and training related to the remaining available positions in the designated area, the District shall make a good faith effort to reassign teachers in said designated area being reduced in accordance with the teacher's qualifications so that the senior teachers may be retained. In reassigning teachers in order to insure, as much as possible, that a junior teacher(s) does not displace a senior teacher(s) the District shall reassign teachers in such a manner that if it is necessary for the junior teacher(s) to displace a senior teacher(s), as much as possible, the more senior teacher(s) is retained.

If after such reassignments the junior teacher(s) is still significantly more qualified than a senior teacher, the senior teacher may be laid off first. Qualifications shall be determined by experience and training related to the remaining available positions in the designated area.

- D. Part-time teachers shall be placed in a pool for the purpose of layoffs in part-time positions. The same procedure as that contained in Section C above shall be followed.
- E. Title I teachers shall be placed in a pool for the purpose of layoffs in Title I positions. The same procedure as that contained in Section C above shall be followed.

- F. Should a teacher who has seniority in more than one designated area be laid off in a given designated area, that teacher shall be considered in the pool of teachers in the alternate designated area(s) for the purpose of reduction in staff under the same provisions as contained in Article 7:8C.
- G. A teacher employed in a position that does not require a specific certification area or designated area in Appendix G, will be considered to be in the designated area in which the teacher holds certification (last taught). The teacher will accrue seniority in both his/her current position and in his/her area of certification.

7:9 Recall

Laid-off teachers shall be placed on one of the three separate recall lists, one for teachers including contract and Federally-funded Special Education teachers, one for Title I teachers, and one for Part-Time teachers. Recall rights will be implemented for each category separately. The teacher with the greatest seniority shall be recalled first for a position for which the teacher is both qualified and certified, and which falls in the recall pool category in which the teacher is placed. Teachers including Contract and Federally Funded Special Education teachers also shall have recall rights within the Part-Time teacher pool if the teacher so chooses and if there are no Part-Time teachers in the pool. However, a teacher including a contract or Federally Funded Special Education teacher electing recall to a part-time position shall lose all recall rights in the teacher including contract and Federally Funded Special Education recall pool until the conclusion of the school year in which they assume the position or until the position is discontinued, whichever occurs first. Laid-off teachers shall be retained on a recall list for three years, exclusive of any time spent filling a temporary vacancy, or, in the case of a teacher including a contract or Federally Funded Special Education teacher, a part-time position. A teacher who is on a recall list shall be entitled to take a temporary position for which the teacher is qualified and certified and which falls within the recall pool category in which the teacher is placed, provided that if a teacher elects to take a temporary position, the teacher shall be obliged to fulfill the term of service called for by the temporary vacancy, and shall be returned to the recall list only after completion of that service.

Any teacher who accepts any permanent position with the District, or who is offered a permanent position with the District for which the teacher is certified and qualified and who refuses the offer, shall be taken off the recall list, except that if a Part-Time teacher is offered a permanent position of lesser hours than the teacher normally worked at the time of layoff and refuses the position, the teacher shall retain the recall rights contained in this section.

Notice of recall shall be made in writing by certified mail return receipt requested to the last address which has been placed on file by the employee in the Human Resources Office. A simultaneous notice of recall shall be provided the UNION.

A teacher who is recalled shall in writing within 15 calendar days of the receipt of the notice or 30 calendar days from the date the notice is mailed, whichever is sooner, give notice of intent to accept the position. If the teacher does not respond within the aforementioned time period, the teacher will be considered as declining the position and will be removed from the recall list. The next eligible teacher, if any, then shall be given notice of recall.

7:10 Discrimination

There shall be no discrimination against any teacher because of the teacher's UNION activities or because of the teacher's membership in the UNION, or because of the filing of any grievance under this contract.

7:11 Tuberculosis Screening

Consistent with the current advisory of the State of New Hampshire, Department of Health and Welfare, Division of Public Health Services, teachers who have met the requirement of the BOARD'S pre-employment or prior post-employment tuberculosis screening will not be required to have further screening while in the continuous employ of the District. All teachers shall comply with future advisories on tuberculosis screening issued by the Division of Public Health Services. The BOARD will provide screening services required after employment but not before employment through the BOARD'S own agents.

The yearly total shall not exceed 5400 minutes. A tentative schedule of such duties will be provided to each teacher at the beginning of each semester.
- D. As part of their professional responsibility, teachers and nurses will attend department and other professional staff meetings designed to provide meaningful professional growth or to clarify school business. Said meetings shall not exceed fifteen (15) meetings per year, excluding meetings held on school days when pupils are dismissed early. Advance notice of such meetings shall be provided at least 48 hours prior to the meeting except in cases of emergencies. The limitation of fifteen (15) meetings does not apply to the faculty of a new school occurring fifteen (15) calendar

A teacher who is required to attend such staffings per school year shall be paid at the rate of \$35 per hour for each hour of attendance which commences after the teacher's contractual school day as described in Article 8:2 C and D. For the purposes of payment, the time begins at the conclusion of the teacher's contractual day.

Unified Arts at the elementary level may use their evening meetings, excluding open house, on nights different than those of the rest of the school for the purposes of holding evening concerts, book fairs, art fairs, similar activities, and/or similar activities. Unified Arts teachers at the elementary level will meet with their building principal by no later than September 30th to tentatively schedule these evening meetings.

- F. Teachers, other than school nurses, shall be granted a duty-free lunch period equivalent in time to that granted to the students for lunch. Teachers, other than school nurses, shall be free to leave the school provided they sign in and out at the school office. At the elementary school level where mid-day breaks are normally inclusive of both lunch and recess, on days of inclement weather and when the Principal does not permit outdoor recess, the Principal may require sufficient teachers to report twenty (20) minutes early to assist the monitors, except that the number shall not exceed 1/3 of the staff on any day and teachers will be rotated on an equitable basis.

Except in cases of emergency, 48-hours' notice shall be given to nurses of times when they are expected to be available beyond the afore-described workday.

No school nurse shall be required to work when a school day is cancelled due to inclement weather or other emergencies. If the pupil school day is abbreviated by action of the District on an unscheduled basis due to an emergency, and a school nurse is specifically released from work before the conclusion of the nurse's normal work day, the school nurse will be paid the nurse's normal daily wage, regardless of the number of hours actually worked.

Each school nurse shall be entitled to a thirty (30) minute duty-free lunch break except in emergencies.

8:3 Planning Periods

- A. All regular kindergarten, R through 5 elementary teachers, and the Special Education teacher of an elementary self-contained Emotionally Handicapped or Pre-school class shall have a planning period whenever teachers in the fields of art, music or physical education take over the class. The above teachers shall have such additional planning time as is required to provide the total amount of planning time set forth in the following schedule during all five (5) day school weeks. The remaining personnel on the following schedule shall have the amounts of planning time set forth on said schedule during all five (5) day school weeks.

Effective September 1, 2022, an additional fifty (50) minutes per week will be designated as common planning time for all teachers at the same grade level to communicate, collaborate, engage in professional development, and/or to engage in student achievement data review as a Professional Learning Community (PLC). Administration shall retain discretion to determine if the fifty (50) minutes of PLC time is utilized.

- B. When teachers in Art, Music, and Physical Education are absent from work, the Administration agrees that it will use its best efforts to replace them with specialist substitute teachers. In order to improve their compliance with this paragraph the Administration will keep a separate, updated and current list of specialist substitute teachers of Art, Music and Physical Education.

High School:	25% of daily per diem rate
Middle School:	17% of daily per diem rate

8:4 Teaching Load - Class Size

- A. In scheduling teachers, the administration will attempt to keep the number of different rooms in which assignments occur at a minimum.
- B. Teachers desiring special attention and supportive help and guidance may seek same from the Building Administration and other supervisors.
- C.
 - 1. On the secondary level no teacher shall be required to have more than five (5) periods of class instruction per day, more than six (6) different classes per marking period, nor more than four (4) different class preparations per marking period.
 - 2. A "class preparation" means a period of instruction which requires selection and organization of teaching content, materials and procedures, and/or the evaluation of the written and oral work of the students. Thus, if a school divides a given grade level into "College English" and "General English", this should be viewed as two distinct "class preparations". Subjects which are similar, but still clearly different, such as first year typing and second year typing, are considered as different "class preparations", whereas "personal typing" and first year typing may be considered as one preparation. Under certain arrangements for alternating subjects, two grade levels may be combined to form a single class. Each class of this type can be considered as one preparation.

A "period of class instruction" means a period devoted to any form of systematic, organized instruction.

3. A "period of class instruction" and a "class preparation" do not include a period of up to twenty (20) minutes to provide students with opportunities for advisory, co-curricular, make-up, enrichment or extra help, with time provided for preparation during the school day. A joint labor-management committee will be formed to assess the effectiveness of how this time is used.

D.

1. Recognizing that class size is an important factor in providing quality education the BOARD will make reasonable efforts to meet the minimum standards established by the New Hampshire State Department of Education.
2. At the elementary level, class sizes shall not exceed the following:

Preschool – 4-year old	15
Kindergarten	23

Grades I & II	27
Grades III-V	30
3. At the secondary level teachers shall be limited to a maximum of thirty-one (31) pupils except for (1) study halls, band, chorus, and similar activities and (2) programs of team teaching, large group instruction, educational television, film instruction, group lectures and similar instructional methods. The District will continue to strive to limit secondary (middle school and high school) PE classes to thirty-five (35) students but will not pay a class overage until over forty (40) students.
4. Class size will be determined after 30 pupil days from the beginning of the grading period for full year and semester classes, or after 10 pupil days from the beginning of the grading period for trimester and quarter semester classes.
5. No secondary school counselor shall have more than a total of 325 students. School counselors at Nashua High School shall have no more than a total of 300 students. The BOARD agrees to implement the state standards for elementary school counselor student loads. Student load for all school counselors shall be determined 30 days from the first pupil day of the current school calendar.
6. In the event a class size with the exception of Kindergarten and Readiness classes as set forth in this Article 8:4D is exceeded after the first school day in October, the teacher of said class shall receive additional compensation for each excess pupil for the time such excess exists computed according to the following formula: For the first two excess pupils, Elementary -- Three times (number of school days the excess pupil is enrolled in the class) times [(the District average teacher base annual salary divided by 184 days) divided by the maximum class size as set forth in this Article 8:4D)]; Secondary -- Three times (number of school days the excess pupil is enrolled in the class divided by 5) times [(the District average teacher base annual salary divided by 184 days) divided by the maximum class size as set forth in this article 8:4D)]. For the third and fourth excess pupil, two times the formula set forth in the first sentence of this section. For the fifth and sixth excess pupil, three times said formula. For the seventh and eighth pupil, four times said formula.

Average teacher base annual salary shall be determined by the combined salaries paid in accordance with the Teacher Salary Schedule to all full-time Annual and Continuing Contract, Federally Funded Special Education, and Continuing Substitute teachers, other than school psychologists and school nurses, in active service with the District on the first day of the school year divided by the number of said teachers. The payment for excess pupils shall be made in a lump sum within thirty (30) days of the conclusion of each semester of each school year.

- E At the secondary level with the exception of physical education and those exceptions noted under 8:4D.3 above, no teacher shall have a teaching load in excess of 150 per grading cycle. Load will be determined after 30 pupil days from the beginning of the grading period for full year and semester classes, or after 10 pupil days from the beginning of the grading period for trimester or quarter semester classes.

- F. The BOARD will limit assignments in computer, secondary science, business, FACS (family and consumer science), industrial arts and Career and Technical Education (CTE) courses so that the number of students will, within a 10% margin, not exceed the number of students who can be

accommodated by the number of student work stations. Load will be determined after 30 pupil days from the beginning of the grading period for full year and semester classes, or after 10 pupil days from the beginning of the grading period for trimester or quarter semester classes.

- G. A six-hour per day aide for each four sections of kindergarten will be provided.

Permanent vacancies shall be posted for no fewer than five (5) business days as they become available. Teachers who desire a change in teaching or building assignment may file a request for transfer. Qualified internal candidates shall have five (5) business days to request a transfer by completing the Voluntary Transfer Form. A form should be filled out for each vacant position the teacher is interested in transferring. At the conclusion of the posting period, the district may hire a candidate.

9:4 Transfer Notification

Notice of transfer or non-transfer will be given in writing to each teacher making a request under Article 9:3 as soon as practicable and under normal circumstances not later than June 30. After June 30 until the beginning of the new school year, notice of all personnel actions with respect to transfers will be sent to the UNION and posted in the Administration Building and in each school, within five work days.

9:5 Intrabuilding Reassignments

Intrabuilding reassignments, necessitated by concern about a teacher's effectiveness in their existing grade level, to vacant or newly formed positions will supersede voluntary reassignments to such positions.

Reassignments occasioned by administrative desires to have teachers teach on different grade levels, absent a concern about a teacher's effectiveness in their existing grade level and unrelated to a specific student program, shall be done on a voluntary basis.

In making intrabuilding reassignments, except as specifically indicated above, teachers within the designated area within the school who volunteer will be chosen first if qualified. No voluntary transfer will occur before a voluntary reassignment. In making an intrabuilding reassignment a teacher's level of performance and professional growth within and outside the district, applicable experience, the needs of the school, and seniority will be considered.

9:6 Voluntary Transfers

In making voluntary transfers to permanent vacancies, teachers shall apply for said position using the Voluntary Transfer Form. Qualifications shall be determined by certification/statement of eligibility related to the vacancy, experience and training related to the vacancy, and by level of performance in the applicant's current position.

The district shall consider all internal applicants for a transfer. All qualified internal applicants shall be interviewed for the position requested, but the district shall not be obligated to grant a transfer.

9:7 Involuntary Transfers

A. When involuntary transfers are necessary because of a reduction in positions in a particular designated area in a particular school the least senior teacher in the school experiencing the reduction shall have the option of voluntarily transferring into the vacancy, after other voluntary transfer rights have been implemented, or forcing an involuntary transfer of the least senior teacher in the designated area, provided the teacher to be transferred is qualified for the vacant position. If, however, the least senior teacher in the designated area is already in the school experiencing the vacancy, the least senior teacher in the school experiencing the reduction shall be transferred into the vacancy and shall not be able to displace any other teacher in the District. Qualifications shall be determined by training and experience related to the vacant position.

This Article 9:7A shall only apply when there is a single involuntary transfer in a designated area.

B. In making involuntary transfers occasioned by a reduction of more than one position in a designated area in a school, the least senior teacher from the designated area in the school experiencing the reduction shall be transferred, except that the next senior teacher and teachers in order of seniority thereafter may be transferred before the junior teacher, if the senior teacher's level of performance in the teacher's current position is significantly inferior to the junior teacher in which case the senior teacher shall be transferred first, provided the teacher is qualified to perform in the vacant position. Qualifications shall be determined by experience and training related to the vacant position.

C. In all other involuntary transfers, level of performance, needs of the District including if a school has been deemed nonperforming under the No Child Left Behind legislation, seniority, experience and training related to the position to which the teacher will be transferred will be the only criteria used in making the decision.

- D. The Board shall pay all involuntary transfers that require a teacher to move buildings at the rate of \$35.00 per hour for a maximum of seven (7) hours. Furthermore, the Board shall pay a teacher to move classrooms due to renovations at the rate of \$35.00 per hour for a maximum of seven (7) hours.

9:8 Filling of Permanent Vacancies

Permanent positions that are vacant after October 1st shall be filled with a continuing substitute if a qualified continuing substitute is available, and, if not, by a per diem or interim substitute. If the position is filled by a continuing contract teacher employed by the Nashua School District, that teacher shall retain their continuing contract status and not be subject to Article 1:3 of the collective bargaining agreement. These positions shall be required to be posted as a permanent vacancy available for the following school year by the first Friday in February.

9:9 Change of Employment Status

If the BOARD closes a school building, and consolidates the services provided in that building with other facilities, the BOARD and the UNION will discuss the implementation of these transfer procedures prior to the implementation of any transfers.

9:11 Order of Implementation

The provisions of Article 7:8 (Reduction in Staff) shall be implemented prior to the implementation of this Article IX. The provisions of Section 7:9 (Recall) shall be implemented subsequent to the implementation of this Article IX.

9:12 Program Opportunities

- A. No teacher shall be required to work in programs which extend beyond the normal school day. However, teachers may volunteer to do so. When a vacancy in such work occurs, teachers currently employed in the District shall be given the opportunity to work in programs operating beyond the regular school day or year. The Superintendent shall post the title, qualifications, duties, requirements, and the salary. The Superintendent shall appoint the applicant most

qualified for such work. If all qualifications of the applicants are equal then seniority in the District shall govern.

- B. Factors relevant to qualifications shall include formal education and actual relevant experience.
- C. The BOARD may deviate from this policy only for good cause which shall not be arbitrary, capricious or without rational basis in fact.

9:13 Probation for Nurses

The probationary period for nurses shall be thirty (30) workdays of active employment as a school nurse. The District may extend the probationary period up to the amount of authorized paid leave or sick leave taken by a probationary employee.

Arrangements for the reduced teaching schedule are to be made between the Union and the Superintendent.
