

Meet Mrs. Rader

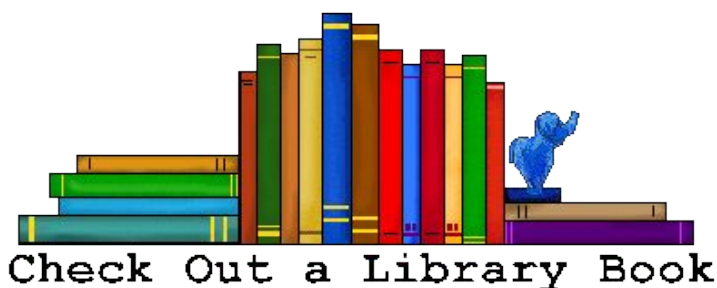

Dream Big, Work Hard,
& Stay Kind

Hello students and families! I am thrilled to serve as the media specialist at Main Dunstable. I truly believe the library is a magical place to be. I am looking forward to helping students grow their curiosity for information, critical thinking skills, and love for reading!

In the library, we will explore author studies, award-winning literature, building researching skills, accessing Destiny Discover, Choose Love, book fairs, exploring makerspace, and much more!

My husband and I love to be outside with our three boys, James, Gavin, and Jack. We have a beagle named Gus and two cats named Frank and Louie. I love to travel, cook, paint, listen to music, and of course, read!
