August 20, 2020

Good afternoon,

At last night's meeting, the Board of Education voted to approve all recognized sports for this fall at the middle and high school level. We have been planning and preparing for this decision, but there is much that needs to be done prior to the start of fall sports on Tuesday, September 8, 2020. That will be the first date for tryouts or for practices in non-cut sports. Games and competitions will September 21st. I apologize in advance for the length of this message, but there is a lot of information that I need to share with families of our student-athletes.

Registration through FamilyID

- All students must be registered through the online process. Please go to the Registration tab on your school's athletic website to register.
www.ElmStreetAthletics.com
www.FairgroundsAthletics.com
www.PennichuckAthletics.com
- Please be sure to register prior to September 8th so that your student can be cleared through the remaining eligibility steps.
- If you have a physical which needs to be submitted, you can mail it to me at
Lisa Gingras
Nashua South Athletics
36 Riverside Street
Nashua NH 03062

Preseason information and expectations

- Within the next few days, you will receive another email with a video and Google form sign off.
- This video will introduce you to the Athletic Department staff and provide important information about middle school sports.
- The Google form will be used to collect additional information from each participant, including COVID precautions and additional agreements that have been implemented after the initial fall online registration opened. I apologize for this additional step but it is necessary to review the precautions being implemented.
- This video and sign off will be MANDATORY for all participants prior to participation.

Program specific information

- Coaches will be contacting students and families that have registered for fall sports with information about the season.
- Specific dates, times, and locations for tryouts and practices will be provided directly from coaches.
- If you have any questions that are program and sport-specific, please contact the head coach directly (contact information is below).

Elm Street Middle School
John Lysik - Coordinator
603-966-3900

Fairgrounds Middle School
Samantha Little - Coordinator
603-966-3990

Pennichuck Middle School
Michaela McMenamin - Coordinator
603-966-4140

As you can see below there are still several coaching positions available. I will be working hard over the next few weeks to get these filled. If you or someone you know is interested and available, please visit <https://www.applitrack.com/nashuasd/onlineapp/default.aspx?Category=Athletics> to apply.
