

SCHOOL YEAR/SCHOOL CALENDAR

- After consultation with appropriate individuals and groups, the Superintendent of Schools, no later than April 30, will make recommendations concerning a school calendar to the Instruction Committee.
- The school calendar will include at least 190 days to provide for instructional time lost due to inclement weather and unexpected circumstances, for staff development/in service activities, and for parent-teacher conferences.
- The school year for teachers will be in excess of the school year for students and will be defined through appropriate policies and/or contract provisions.
- The school year for students will be based on a minimum of 180 school days. Under unusual or emergency circumstances, a school year of less than 180 days may be held if approved by the Board of Education and appropriate state authority.
