Nashua School District Non-affiliated Employee Handbook

Introduction

This handbook is intended to serve as a general guide to personnel policies, and salary and benefit compensation for non-affiliated staff of the Nashua School District ("NSD"). This handbook is not intended for those staff whose positions are otherwise covered through collective bargaining agreements.

We depend on the dedicated efforts of District employees working together to provide the best possible education for Nashua students. The NSD has developed a strong culture and reputation as a caring, hardworking and innovative educational institution. Critical to this success is a strong sense of teamwork, open communication, and respect for the rights and feelings of fellow employees, students and families. The contributions of each employee, regardless of position, are vital in continuing the tradition of providing a quality education for all students.

Employees are encouraged to read this handbook carefully. Should you have any questions please feel free to contact the Human Resources Department at 966-1000.

At-Will Employment

Employment with the NSD is on an at-will basis, except to the extent limited by an employment contract. The NSD may terminate the employment of any at-will employee for any reason or no reason, with or without notice. Likewise, the NSD recognizes the right of any employee to terminate or discontinue employment with the NSD.

Non-Discrimination and Equal Opportunity Employment

Under New Hampshire law and Board policy, no person shall be excluded from, denied the benefits of, or subjected to discrimination because of their age, sex, gender identity, sexual orientation, race, color, marital status, familial status, disability, religion or national origin. Discrimination, including harassment, on the basis of any of the above classes, or person's creed, is prohibited. Finally, there shall be no denial to any person of the benefits of educational programs or activities, on the basis of any of the above classes, or economic status.

The School District is an Equal Opportunity Employer. The District ensures equal employment opportunities without regard to age, color, creed, disability, gender identity, marital status, national origin, pregnancy, race, religion, sex, or sexual orientation. The District will employ individuals who meet the physical and mental requirements, and who have the education, training, and experience established as necessary for the performance of the job as specified in the pertinent job description(s).

Discrimination against and harassment of school employees because of age, sex, race, creed, religion, color, marital status, familial status, physical or mental disability, genetic information, national origin, ancestry, sexual orientation, or gender identity are prohibited. Additionally, the District will not discriminate against any employee who is a victim of domestic violence, harassment, sexual assault, or stalking.

Any inquiries, complaints, or other communications relative to this policy and applicable laws and regulations should be directed to the Director of Human Resources. See Board of Education Non-Discrimination, Equal Opportunity Employment and District Anti-Discrimination Plan - Policy AC for complete policy.

Personnel File

Employees are entitled to review their personnel files during normal office hours with an advance appointment with the Department of Human Resources. Employees shall have the right to comment on any material contained in their respective personnel files, and their comments shall be affixed to the pertinent material.

Probationary Status

New employees in administrative/support positions shall be considered probationary employees for the first sixty (60) calendar days of employment. New employees in technical/management positions shall be considered probationary employees for the first one hundred twenty (120) calendar days of employment. At the discretion of the superintendent a probationary period may be extended for an additional thirty (30) calendar days based on reasons such as extended leave time or a change in supervisors. A listing of administrative/support positions and technical/management positions can be found under Position Classifications in Appendix A.

The purpose of the probationary period is to provide a reasonable period of time for an employee to learn the fundamental requirements of the position, and for management to assess an employee's potential for successful performance in the position. Supervisors shall provide close supervision of employees during their probationary period.

The Superintendent may dismiss an employee during the initial probationary period for any reason. An employee who was employed with the District immediately prior to assuming a new position may be returned to his or her former position or a comparable position if such a position is available.

Discipline

The NSD has the right to discipline or discharge employees for cause. Discipline shall be corrective in nature and ordinarily utilized progressively. Disciplinary actions normally follow the order of (1) verbal warning, (2) written warning, (3) suspension without pay, and (4) discharge. The severity of any particular infraction may warrant an immediate disciplinary consequence at a higher level, up to and including termination. All disciplinary actions shall be placed in the employee's personnel file.

In those instances when an employee's job performance consistently fails to meet minimum performance expectations despite prior counseling and/or warnings from the employee's supervisor, the employee may be placed on a written plan of remediation. Failure of the employee to meet the requirements for improvement in performance outlined in the plan will result in discharge from employment.

Resolution of Complaints

The NSD encourages employees to bring forward concerns about work-related issues to their supervisors, with the hope that direct communication and constructive conversations can lead to the informal resolution of disagreements at the lowest possible level. However, should an employee be unable to resolve a concern with his or her supervisor, a formal supervisory complaint procedure is available to the employee. It is the purpose of the supervisory complaint procedure to provide for a fair review of the employee's concerns, and seek to identify solutions to resolve those concerns.

Resolution of Complaints; Supervisory Complaint Procedure

1. An employee shall seek first to informally resolve a complaint with his or her supervisor within ten (10) days of the event giving rise to the complaint. If the complaint cannot be resolved at this informal level, the employee shall proceed as follows:
2. The employee shall file a written complaint with his or her supervisor within twenty (20) working days of the event (10 days later after step 1) giving rise to the complaint, citing the specific nature of the complaint;

the nature and extent of the alleged injury, loss or inconvenience; and the desired remedy. The supervisor shall have ten (10) working days to render a written response to the employee.

3. If the employee is dissatisfied with the written decision of his/her supervisor, the employee within ten (10) working days of receipt of the decision may file a written complaint with the Superintendent of Schools. The Superintendent shall have ten (10) working days to render a written response to the employee.
4. If the employee is dissatisfied with the written decision of the Superintendent, the employee within ten (10) working days of receipt of the decision may file a written complaint with the President of the Board of Education. The Board shall have twenty (20) working days to render a written response to the employee. The decision of the Board of Education shall be final.

Performance Evaluations

All non-affiliated employees shall receive annual performance evaluations by the end of each school year, based on the signed job description they signed before being hired. During their orientation, all non-affiliated staff will receive and sign a copy of their job description. The evaluation process shall include establishing performance goals for the ensuing year. The Superintendent shall be responsible for establishing the format and process for evaluations by position classification.

Resignations/Retirements

Employees in support positions shall provide no less than twenty-one (21) calendar days' notice of resignation or retirement.

Employees in management positions shall provide no less than thirty (30) calendar days' notice of resignation or retirement. All non-affiliated staff are encouraged to plan their resignations or retirements to coincide with the end of the school year if at all possible.

Hiring and Compensation

An employee's initial level of compensation shall be based on such factors as level of education, span of responsibility, number of employees supervised, discretion in making independent decisions, technical expertise, certification requirements, and industry standards. Consistent with POPPS policies BDEB and GCF, the Superintendent shall recommend the hiring and initial salary of a candidate for the positions of director or above to the Board of Education, as specified in Appendix A.

The Superintendent shall hire and establish the initial salary for other non-affiliated employees. The hiring process for employees appointed to interim positions shall be determined in the same manner as employees appointed to regular positions.

Consistent with POPPS policy BDEB, The Board of Education Human Resources Committee and/or the Board of Education will interview candidates for positions which require hiring approval by the Board of Education.

Annual salary increases, if any, shall be determined by the Board of Education, and will normally be effective July 1st of each year.

An employee who terminates his or her employment with the Nashua School District after receiving compensation for a portion of time not worked shall reimburse the School District for the amount of the unearned compensation.

The Board of Education must approve any new non-affiliated position along with the associated position specification based upon the recommendations of the Superintendent. The Superintendent shall provide an initial job description to the Board of Education at the time of his or her recommendation.

Longevity payments shall be provided to qualifying individuals in the employ of the District based on the Longevity Schedule listed in Appendix B.

Employees in technical/management positions in the employ of the District prior to July 1, 2011 shall be grandfathered in at a maximum accrual of 185 sick days for the purpose of severance calculations.

Severance for part-time employees will be prorated based on the Standard Hours for the position.

Hourly Employees - Overtime & Compensation Time

Overtime shall only be provided to non-exempt employees upon prior approval from their supervisor, at a rate of time and one-half, for over forty (40) hours in a week as required by federal and state Department of Labor requirements.

Non-exempt employees may accrue and use compensation time, subject to advance approval by the supervisor and documentation through the payroll system. Accrual of compensation time cannot exceed the number of weekly hours an employee is routinely scheduled to work. Any unused accrued compensation time will be paid out to the employee upon termination of employment.

Leave Time

Vacation

An employee is entitled to use accrued vacation leave which is approved in advance by his/her supervisor. Supervisors should consider the operational needs of the School District in approving vacation time.

Vacation leave is accumulated annually as follows for full-year employees in administrative/support positions:

- Less than ten (10) years: Fifteen (15) days
- Ten (10) or more years: Twenty (20) days

Vacation leave is accumulated at twenty (20) days annually for employees in technical/management positions.

Employees may accumulate and carry over up to forty (40) accrued vacation days on August 1st of each year. Any additional accrual of vacation days will be forfeited. However, the Superintendent may approve an additional

accrual of vacation days in instances where unusual District requirements reasonably prevent an employee from taking vacation time.

Accrued, but not used vacation time up to a maximum of forty (40) days, shall be paid in a lump sum when an employee terminates employment with the district or transfers into another position not eligible for vacation.

Vacation leave and accruals for part-time employees will be prorated based on the Standard Hours for the position. School year employees do not receive vacation leave. Secretaries in the employ of the District on June 30, 2011 shall be grandfathered on the vacation schedule contained in the NTU Clerical Contract.

Sick Leave

Employees shall be entitled during each fiscal year to annual sick leave as follows:

- Fifteen (15) days cumulative to one hundred sixty-five (165) days for full year employees
- Eleven (11) days cumulative to one hundred forty (140) days for school year employees

Employees in technical/management positions in the employ of the District on June 30, 2011 shall be grandfathered in at a maximum accrual of one hundred eighty-five (185) sick days.

Sick leave may be used for absences caused by illness or accidents of the employee, or the employee's spouse, children or parents.

For employees starting mid-year, sick leave accruals will be prorated in the first year to the closest full day. Sick leave and accruals for part-time employees will be prorated based on the standard hours for the position.

Sick Bank

Employees may elect to participate in a non-affiliated sick leave bank. The terms and conditions of membership in the bank are attached as Appendix C.

Family Medical Leave Act

Family and medical leave is granted for the serious health condition of the employee; in order for the employee to care for a spouse, child, or parent who has a serious health condition; the birth of a child and care of the newborn child; or placement of a foster/adoptive child. Military family leave entitlements allow leave for qualifying exigencies and/or the care of a covered service member with a serious illness or injury received in the line of duty or active duty. An employee who has been employed for at least twelve (12) months and worked at least one thousand two hundred fifty (1,250) hours during the prior twelve (12) month period is eligible for twelve weeks of leave during the twelve (12) month period measured forward from the day leave begins. FMLA occurs concurrently with any paid leave policies included herein. The District requires an employee to use any eligible accrued leave time available while on FMLA Leave. Employees shall notify the District of his/her request for leave, if foreseeable, at least thirty (30) days prior to the date when the leave is to begin, or if not foreseeable, as soon as practical. Employees should notify their supervisor and contact Human Resources for the need to take leave and receive guidance.

Holidays

Full year employees shall receive eleven (11) paid holidays per year, as follows:

July 4 th	Day before Thanksgiving	New Year's Day
Labor Day	Thanksgiving	Martin Luther King Day

School-year employees do not receive paid holidays. Full year employees (including part time employees) shall receive those paid holidays falling on their regular work schedules.

Personal Days

During each fiscal year, full year employees shall be entitled to four (4) paid personal days; school-year employees shall be entitled to three (3) paid personal days (for days in which they are scheduled to work).

While this list is not all inclusive, paid personal days may be taken for the following reasons:

- Marriage of children, parents, or immediate family members
- Graduation exercises or college events of employee's children or spouse
- Required court appearances
- Observance of a recognized religious holiday of a recognized religion practiced by the employee
- Compelling personal business that cannot be accomplished outside of the employee's work day
- Snow days when conditions create concerns for the safety of travel

For employees starting mid-year, personal day accruals will be prorated in the first year to the closest full day. Personal days must be approved in advance by the employee's supervisor. Personal leave for part-time employees will be prorated based on the standard hours for the position. Personal days are not accruable to the next fiscal year.

Bereavement Leave

Employees are entitled to bereavement for seven (7) days for the death of a spouse, partner or child; three (3) days for the death of immediate family members; and up to three (3) days in any fiscal year for the death of close relatives. "Immediate family members" include mother, father, brothers, sisters, and grandparents, as well as in-laws and step-relations to these members.

Full-time school-year employees are entitled to the above for deaths that occur during the school year.

Jury Duty

Employees called to jury duty will be paid the difference between compensation earned for jury duty and their regular salary. Employees must submit evidence of service as a juror and any compensation for jury duty to the Payroll Office.

Military Service Leaves

An employee who voluntarily or involuntarily enters into the Armed Forces is entitled to a leave of absence for the duration of the compulsory service, but may not exceed five (5) years with exceptions as noted in the Uniformed Services Employment and Reemployment Rights Act. The employee upon discharge is entitled to reinstatement to his or her previous position or a position of like stature, provided the employee makes application within sixty (60) days after his or her discharge from such service, unless the employee is discharged with a physical disability. In the event of a physical disability, a period of no longer than one (1) year after discharge is extended to recuperate to the extent that the employee will be able to perform his or her previous responsibilities. No employee is entitled to reinstatement in the event of dishonorable discharge. Upon reinstatement the employee is entitled to any increases in compensation and to any promotion or advantage which would have accrued to the employee had he or she continued in employment. However, the employee will only be entitled to the sick leave accrued at the time of his or her entry into the armed forces.

Employees called to serve in the National Guard or Armed Forces Reserve are entitled to a leave of absence for their tours of duty. Employees serving under this provision shall receive the difference between their military pay and what they would have earned had they not been called to service, and while on active duty. Pension contributions, as well as health and dental benefits will continue at the current employee and employer share of the premium of the respective plan while on active duty.

Employees serving in the National Guard or as a Reservist, called to service for annual training to engage in military drill, training or other temporary duty will be entitled to not more than fifteen (15) days leave of absence with pay in any one year.

An employee will be required to give advance notice of leave, unless unable to provide advance notice due to military orders, and submit verification of leave orders as evidence of the amount of pay received.

Extended Leaves

An employee may apply for an unpaid extended leave of absence for the purpose of rearing the employee's natural or legally adopted child, provided that such leave shall be limited to the child's first two years of life. An employee may be granted an unpaid extended leave of absence for other reasons for up to two full semesters, except that no leave of absence will be granted for the purpose of accepting employment outside of the Nashua School District, or for self-employment.

For employees in administrative/support positions such leave may be granted by the Superintendent. For employees in technical/management positions such leave may be granted by the Board of Education upon recommendation of the Superintendent.

For purposes of salary placement the employee, upon return, will be granted credit for length of service earned as of the last day of active service prior to the beginning of the leave, but shall not accrue additional length of service during said leave.

Appendix C
Non-Affiliated Employees Sick Bank Operational Rules

The purpose of the sick leave bank (the “bank”) for non-affiliated employees is to offer income protection to contributing members who must be absent from their jobs for an extended period of time or intermittently because of prolonged or continuing illness or an incapacitating accident qualifying as a serious health condition of the employee by FMLA standards. The bank may not be utilized for absence due to a serious health condition of any family member including a spouse, child or parent.

Employees will be eligible for membership in the bank if they are not affiliated with any collective bargaining unit (Union). An eligible employee may elect to participate and remain enrolled in the bank by making an initial contribution of one day on the date the person begins employment and then annually every year during a call for replenishment. Annual contributions of one day per member will be made during the month of September unless the bank has a balance in excess of one thousand two hundred (1,200) days.

Employees who elect not to join the bank when hired or who elect not to continue their membership in this bank may join the bank during the next call for replenishment.

A Committee of three (3) non-affiliated employees selected by the Superintendent shall carry out the operations of the bank, including approving withdrawals from the bank. The Committee shall furnish written records of deposits and withdrawals to the Superintendent. In all cases the decision(s) rendered by the Committee shall be final and binding. The process for requesting and accessing days from the bank includes the following:

- (1) The Committee shall meet on a timely basis in person or by email, but no later than five (5) working days of the receipt of a written request for withdrawal.
- (2) A member of the bank shall be eligible for withdrawal from the bank after exhausting all of his/her available accrued time, including sick, personal, and vacation days.
- (3) The Committee shall render a decision on a request for withdrawal as soon as possible to avoid unpaid days to the applicant, but not later than ten (10) working days from the date all documentation and information requested by the Committee has been submitted.
- (4) Bank days may be granted retroactively to the next working day following the working day on which the applicant has exhausted all of his/her accumulated sick, personal and vacations days. The applicant must have been continuously absent for at least fifteen (15) working days to be eligible for withdrawal.
- (5) In all instances a statement by a licensed physician must be provided either through the FMLA process or accompany a request for withdrawal in order to verify the serious health condition of the applicant before bank days may be awarded. The Committee may also require periodic statements. Statements by a licensed physician shall specify:
 - a. The nature of the illness or incapacitating accident;
 - b. The date of initial occurrence of the illness or incapacitating accident;
 - c. Certification the individual is medically unable to perform his/her normal job responsibilities;
 - d. The anticipated period during which the individual will be medically unable to perform his/her normal job responsibilities.
- (6) Should it be determined that the eligible member can resume his/her normal job responsibilities at a date earlier than originally estimated, any remaining bank days granted will be rescinded and returned to the Bank.

- (7) In no instance shall the physician's estimate of the period during which the individual may be medically unable to perform his/her normal job responsibilities be considered binding.
- (8) No withdrawals may be granted during the period an eligible member is on an unpaid authorized leave of absence.
- (9) Withdrawals shall be granted only for scheduled working days missed because of continuous illness or an incapacitating accident.

Applicants are encouraged to apply to the bank as soon as they become aware they will require a prolonged leave of absence for medical reasons and may require days from the bank. Approved withdrawal of days from the bank will only begin after the exhaustion of other available accrued time as outlined in (2) above, or on the day of approval of withdrawal from the bank by the Committee, whichever comes later.

Enrollment Forms and Withdrawal Applications for withdrawal should be forwarded to the Human Resources Office at the Nashua School District's Administrative Offices.
