About Me:

I love kids and teaching! Having been in education for 20+ years, I am fortunate to be able to spend my days with you! When I am not at school, I enjoy hiking and reading.

You were born to be a player.
You were meant to be here.

This moment is yours.

Herb Brooks, US Olympic Hockey Coach

I am looking forward to working with you this year! There are lots of new things we will learn and new friends to be made.

I hope you have practiced reading this summer! Have a book ready to read when you have a few extra minutes to fill. In Math, we will be learning multiplication facts. We will begin with the facts of 0, 1, 2, 5 and 10. Please begin practicing them! The more familiar you are with them now, the better you will be in math!

We will have an exciting, busy, learning filled year together. I am eager to begin working with you!

I can't wait to meet you!
