

Meet Mrs. Cail

enrights@nashua.edu

About Me:

Ever since I was young, I knew I wanted to be a teacher, and I am so happy to be where I am today. I have taught special education, 6th grade in MA, & 3rd in NH and now I am happily here at MDES!

Fun Facts: I was a competitive ice dancer & currently coach figure skating. I also have a dog & cat that I love tons!

“You have brains in your head.
You have feet in your shoes. You
can steer yourself any direction
you choose.”

-Dr. Suess

In our classroom we will learn and grow together. In reading we will practice reading fluency & comprehension. In math (my favorite) we will begin using repeated addition and skip counting to introduce multiplication! In science we will learn about Earth’s place in the universe and how different organisms react in different environments, and in social studies we will learn about our rights, laws, rules, & responsibilities as members of our community.

I am looking forward to our school year together!
